

Home Practice Guide

Our class has been using a literacy program called: **Son-au-graphe***, based on the **UFLI Foundations*** program for reading and spelling instruction. Below you will find a description on how to use it with your child.

Scan to access the "How-to" video:

The new concept with examples:

Leçon 39: a [a]

à
là
voilà

Examples of words with the new concept will be listed. Please **do not** have your child memorize the words listed. Instead have your child **say the sound** for each letter/letter combination (l-a) and then read the word by **blending** the sounds (la).

Word Work:

1. à → là → delà → déjà

1. Forme le mot: à. ✍
2. Ajoute le l devant le mot à. Quel est le nouveau mot? 🗣
3. Montre-moi comment changer là à delà. ✍
4. Change le e et l dans le mot delà à é et j. Quel est le nouveau mot? 🗣

Following the example of the script provided, will help your child alternate between reading and spelling.

1. Make the word à. (spelling) ✍
2. Add an l in front of the word à. What is the new word? (reading) 🗣
3. Change là to delà. (spelling) ✍
4. Change the e and l to é and j in the word delà. What is the new word? (reading) 🗣

Students can use a dry erase marker on a white board, alphabet letters, paper letter tiles, or a digital blending board: <https://blendingboard.stewartrand.com/>

Irregular words:

ça

Irregular words are words are labelled so because there may be a sound(s) in them, that we have not learned yet. Learning these words "by heart" will help us with our spelling and reading.

Sentence(s):

1. Il est là.
2. Ella va par là.

Practice reading and spelling the sentence(s) using the strategies learned (sounding out our letter/letter blends, remembering our heart words). Have your child re-read their sentence, is their a capital letter at the beginning? Is their punctuation at the end?

*This guide was created using lessons from Son-au-Grappe and the UFLI Home Support Guide
